Aging in Place Safety Tips

This ACAP program will help adult-children understand the concept of aging in place, assess their parents' homes for safety and accessibility concerns, and become familiar with potential home remodeling and modifications that can help make their parents' dreams of staying in their homes become a reality.

Presenter: Linda Chinman Pollock, North Jersey Home Maintenance Group (NJHMG)

Linda has been helping homeowners experience the joy of an stress-free home. Whether it's fixing what's broken, adapting your space to meet life's changes, or taking care of the maintenance people don't have time for, her team at North Jersey Home Maintenance Group (NJHMG) are here to make peoples' lives easier providing Aging in Place expertise with full-service maintenance, handyman work, and renovations.
